## ALUMINUM MOULDINGS AND ACCESSORIES

### PRICES SUBJECT TO CHANGE WITHOUT NOTICE

#### PACKAGING

All genuine Chromtrim is protectively wrapped in individual red striped paper sleeves bearing Chromtrim's nationally advertised trade character REDdy Jacket. Tough fibre tubes also protect Chromtrim's lustrous finish during shipment.

#### CHROMTRIM FINISH

CHROMTRIM is supplied in bright polish finish or anodized. Anodizing is a special process which

seals the finish and prevents rubbing off. Especially recommended wherever mouldings come in contact with clothing.

Additional cost for anodizing is 8c per foot on list price.

Unless otherwise specified, all CHROMTRIM will be shipped bright polished.

#### NATIONALLY DISTRIBUTED

Chromtrim is nationally distributed through leading linoleum, building material and hardware

wholesalers. These distributors are conveniently located and maintain adequate stocks to assure prompt delivery anywhere in Canada and the United States. Write direct to the R. D. Werner Co. (Canada) Ltd., Oshawa, Ontario, for the name of your nearest distributor if you experience any difficulty in obtaining Chromtrim locally.

Chromtrim's wide publicity and consistent national advertising has made Chromtrim the "buy" word for aluminum trim and the brand name that everyone demands.

## CHROMTRIM FINISH

Chromtrim is supplied in bright polish finish or anodized. Anodizing is a special process which seals the finish and prevents rubbing off. Especially recommended wherever mouldings come in contact with clothing.

### PACKAGING

Chromtrim is individually wrapped and packed in tough fibre tubes with a new improved type of end cap, easily removed without spoiling the tube and readily replaced for stock purposes.

### NATIONAL DISTRIBUTION

Chromtrim is nationally distributed through leading linoleum, building material and hardware wholesalers. These distributors are conveniently located and maintain adequate stocks to assure prompt delivery anywhere in Canada. Write direct to the R. D. Werner Co. (Canada) Limited, Simcoe St. South, Oshawa, Ontario for the name of your nearest distributor if you experience any difficulty in obtaining Chromtrim locally.

Chromtrim's wide publicity and consistent national advertising has made Chromtrim the "buy" word for metal trim and the brand name that everyone demands.

MODERN EXTRUSION  
MANUFACTURING  
FACILITIES

Illustration shows 1100-ton extrusion press in our new Oshawa, Ontario plant. We invite your inquiry regarding custom extrusions for any commercial or industrial application.
